Joseph Erian

Full-Stack Software Developer | DevOps & Cloud

Laatzen, Hannover, Germany | +49 163 8343338 | Email | GitHub | LinkedIn | Upwork | Xing

PROFESSIONAL SUMMARY

Full-Stack Developer with 4 years of experience in IT and software development, specializing in architecting and delivering end-to-end web, mobile, and desktop solutions across the full development stack. Proficient in both frontend and backend technologies, with hands-on expertise spanning React.js, Next.js, Node.js, .NET, and cloud infrastructure. Proven track record of owning complete development lifecycles from architecture design to production deployment. Thrives in collaborative environments with strong problem-solving skills and a passion for learning new technologies.

TECHNICAL SKILLS

Programming Languages:

TypeScript, C#

Frontend Technologies:

React.js, Next.js, Angular, Expo Go, React Native, Tailwind CSS, HTML5, CSS3

Backend Technologies:

Node.js, .NET Core, .NET Framework, ASP.NET, WCF, Entity Framework Core, Express.js, Convex (BaaS)

Databases:

PostgreSQL, MongoDB, MSSQL, DynamoDB, RDS, ElastiCache (Redis, Memcached)

APIs & AI, Integration:

REST APIs, GraphQL, Prisma ORM, Sequelize ORM, Postman, Unit Testing

DevOps & Tools:

Docker, Kubernetes, GitHub Actions, Azure DevOps (CI/CD Pipelines), Git, Terraform, Claude Code

Cloud & Certifications:

AWS, Microsoft Azure | AWS Solutions Architect Associate – Course Certificate (Udemy), Node.js Developer (Zero To Mastery Academy); in preparation: AWS Developer Associate, Microsoft Certified: DevOps Engineer Expert (AZ-400)

PROFESSIONAL EXPERIENCE

Software Developer

Riverbird GmbH, Germany (Remote) | February 2024 - June 2026

- Led end-to-end development of 5 production applications within the Riverbird RMM ecosystem for IT monitoring, Inventory management, Patch management on Web, Desktop, and Mobile.
- Developed the FalconSecure mobile application from concept to deployment, managing complete development lifecycle including architecture design and implementation.
- Contributed to Riverbird web application development, building responsive UI components with smooth transitions and seamless user experience.
- Integrated frontend applications with backend APIs, optimizing data flow and application performance.

- Developed cross-platform RiverSuite Mobile application using React Native for iOS and Android platforms.
- Collaborated with backend team to consume RESTful APIs and implement efficient data access patterns.
- Set up and maintained Azure DevOps CI/CD pipelines, automating build, test, and deployment processes and significantly reducing release times; resolved complex issues and delivered improvements that enhanced application stability and development efficiency.

IT Specialist

Pharmacists House for Pharmaceutical Trading (PHC), Egypt | September 2022 - May 2024

- Maintained and managed IT infrastructure for main and secondary company branches supporting 120+ users.
- Installed and configured Active Directory (DNS), biometric fingerprint systems, CCTV surveillance, and firewall security systems (FortiGate).
- Designed and implemented a hybrid IT infrastructure integrating AWS cloud services (EC2, VPC, VPN) with the on-premises environment, and automated employee workflow processes to reduce manual effort.

KEY PROJECTS

Riverbird RMM Ecosystem - Full Stack Development

Riverbird GmbH | March 2024 - June 2026

- Riverbird Online (Web): Developed responsive web application using React and Next.js with optimized performance and cross-device compatibility.
- Riverbird Inventory (Desktop): Built inventory management system using .NET WPF with rich UI components and efficient CRUD operations.
- Riverbird Mobile: Created cross-platform mobile application using React Native with native-like performance and 2FA implementation.
- Falcon-Secure Mobile: Developed security-focused mobile application with comprehensive feature set and robust authentication mechanisms.
- Riverbird WebService: Developed RESTful backend API using .NET with secure authentication, authorization, and database integration.

EDUCATION

Bachelor of Science in Computer Science

Beni Suef University, Egypt | 2016 - 2020

LANGUAGES

- German: Upper-intermediate (B2)
- English: Full professional proficiency (C1)
- Arabic: Native
